

Message from the CEO

The accomplishments of our team in 2025 make me proud to be CEO of the Community Assistance Center. We met growing community needs with greater efficiency and impact, engaging more volunteers, donors, corporate partners, congregations, and community partners than ever before. We are continuing to help more people in more ways. This was especially evident during the SNAP suspension crisis, when the community stepped up to meet the sudden increase in need. We also ended the year in a strong financial position, ensuring the stability needed to serve our clients well into the future.

Through our holistic approach, we served 4,440 households in 2025, helping 1,108 avoid eviction and remain safely housed. We distributed 1.1 million pounds of food and \$206,768 in clothing and household items. Our Empowerment Center expands opportunities for families to move toward financial stability, and our Career Expos connected more than 700 job seekers with 30 employers.

Looking ahead, we expect needs to continue rising. *Compassion in Action*, our comprehensive fundraising campaign, will help meet those needs by supporting core operations and strategic investments that will allow CAC to serve 30% more individuals.

Community is the heart of CAC. Together, we continue to activate hope and expand opportunities for our clients.

Francis K. Horton, III

Chief Executive Officer, Community Assistance Center

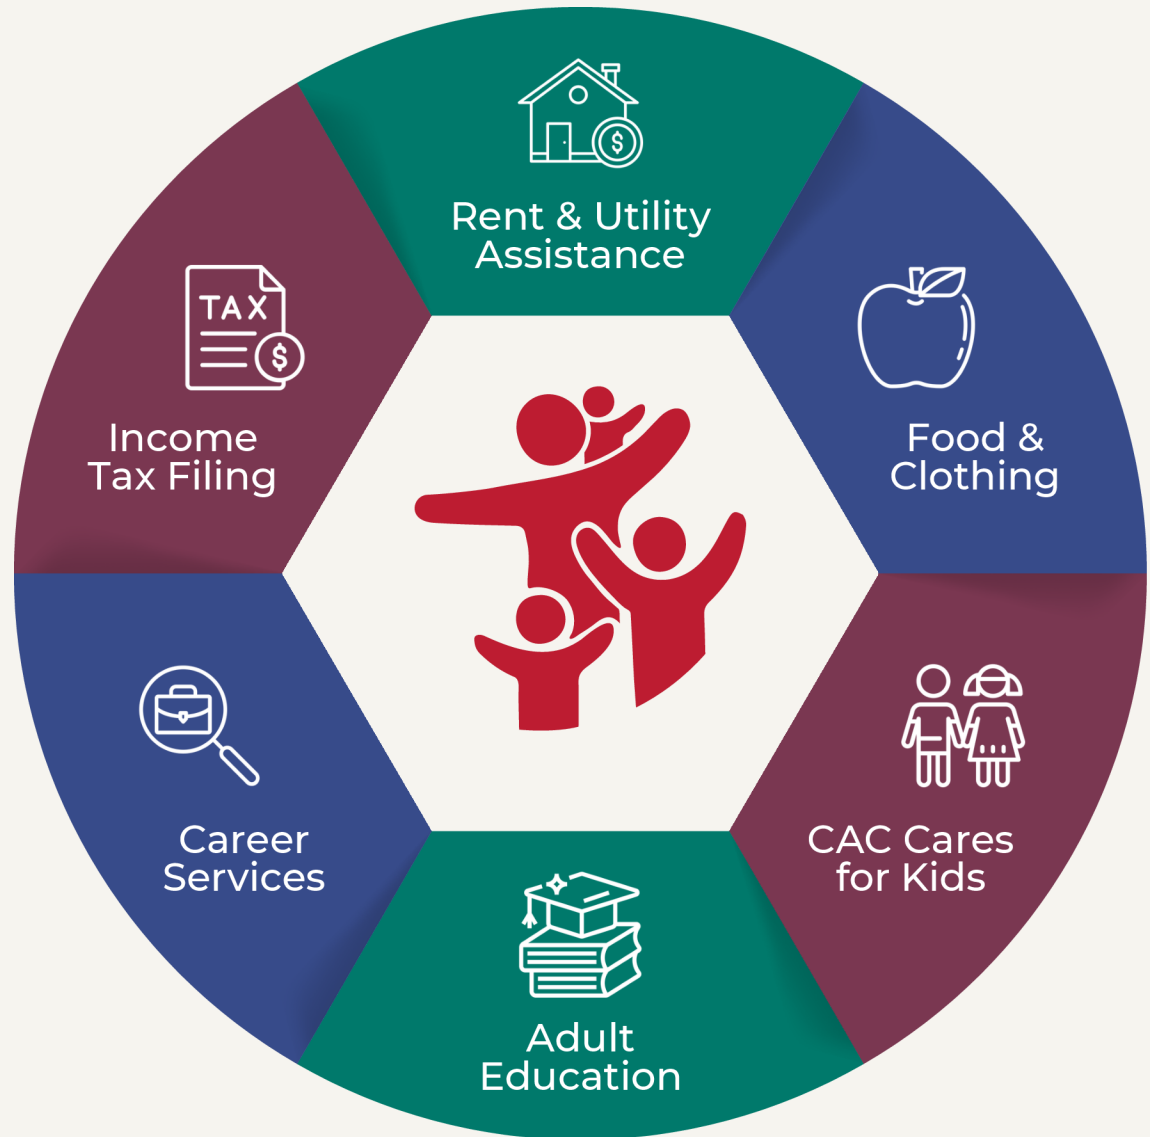

Our Mission

is to provide basic needs assistance for neighbors to prevent homelessness and hunger while empowering them to thrive.

Community Catalyst

Through our holistic model, we help families move from crisis to stability—building the resilience and tools they need to flourish and thrive in our community.

Impact in Action 2025

While we continue to see increasing need in our community, we are also seeing increasing resources and support, which allows us to meet that need. This growth is possible because of our donors, community partners, volunteers, and staff.

A Window into Client Resilience

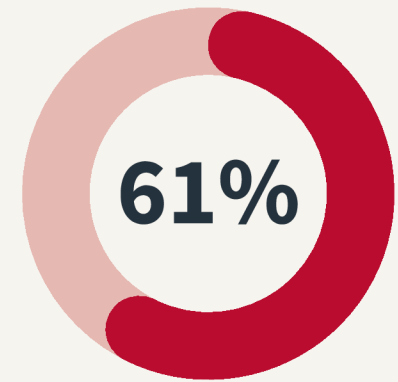

In 2025, CAC's six-month follow-up survey of clients who received financial assistance found that our holistic, integrated support model not only helps resolve immediate crises but also promotes lasting stability. 79% of those clients are working, with four in five maintaining or improving their financial position.

reported no food insecurity

CAC Strategic Plan 2025-2027

Across Sandy Springs and Dunwoody, more families struggle as inflation, rising living costs, and stagnant wages strain household budgets. CAC's Strategic Plan will expand the reach and impact of our services by 33% over three years, using three strategic pillars to better support individuals and families toward greater stability and opportunity.

Activate Hope

Strengthen and Expand Core Services

Ensure dignified access to financial, food, and clothing assistance by engaging local partners, strengthen food donor relationships, streamline operations, and enhance communications.

Expand Opportunities

Move Clients Toward Financial Stability

Enhance career services, adult education, and workforce initiatives to help individuals gain skills leading to new careers, financial stability, and upward mobility.

Mobilize the Community

Steward Resources to Strengthen Community

Deepen engagement with the community through a three-year comprehensive fundraising campaign, stronger volunteer base, Canopy Thrift™ expansion, and increased community awareness.

Activate Hope

Financial Assistance

Helping More People Stay in Their Homes

The neighbors we help in times of crisis continue to evolve. CAC prevented 1,108 evictions in 2025, an 8% increase over 2024, with a high number (69%) of households new to CAC. Support per household increased significantly as a result of higher fixed expenses. Six months after receiving financial aid, 92% of clients secured stable housing and 68% successfully resolved their crisis.

The rising costs of living are not only impacting those with lower incomes, but also middle-income earners. These households frequently carry larger credit card debt, have medical debt, and experience job instability at professional levels.

As demand for short-term crisis assistance grew, our financial assistance volunteer team reached capacity. A new walk-in schedule expanded access, allowing more families to receive timely support.

Volunteer Income Tax Assistance

Record Year for VITA Tax Prep Program

Our Voluntary Income Tax Assistance (VITA) program reached a milestone in 2025, serving the most tax filers and generating the largest refund amount to date! Thanks to 40 devoted volunteers and 2,054 hours, CAC helped 503 people file 590 tax returns.

The VITA program is an IRS initiative, in partnership with the United Way of Greater Atlanta, that assists moderate- and lower-income earners with accurate and timely tax filings. CAC is proud to be one of the VITA sites in metro Atlanta, making a meaningful impact on the financial well-being of our neighbors.

Since 2010, CAC has helped return over \$6.3 million in federal and state refunds to the community.

CAC Cares for Kids

CAC ensures every child in a client family has the essentials they need to thrive year-round.

18,522 lbs food distributed
Meals for Kids

623 winter coats provided
Coats for Kids

1,090 students served
Tools for School

1,450 children received gifts
Hope for the Holidays

Sarah's Story

Sarah, a single mother raising her child, first came to CAC in 2020 when the pandemic forced her teaching job into furlough. With savings quickly depleting and bills mounting, CAC partnered with another organization to help cover her rent, allowing her family to remain safely housed during an uncertain time.

She returned to teaching and, in 2021, reached a milestone by purchasing a townhome for herself and her child. But when she unexpectedly lost her job in 2025 after eight years in the classroom, Sarah knew how quickly stability could disappear. Determined not to relive the hardship of the pandemic, she immediately turned to CAC again.

With financial assistance and CAC's Mini-Market, Sarah was able to keep up with her mortgage and provide for her child.

With CAC's wraparound support, Sarah completed EKG training, earned her certification, and began applying for jobs. In early 2026, her determination paid off: she accepted a full-time position with benefits at Children's Healthcare of Atlanta as a Registered Behavioral Technician.

Today, Sarah is not only rebuilding her financial stability, she is creating a stronger future for her family.

Fresh Futures

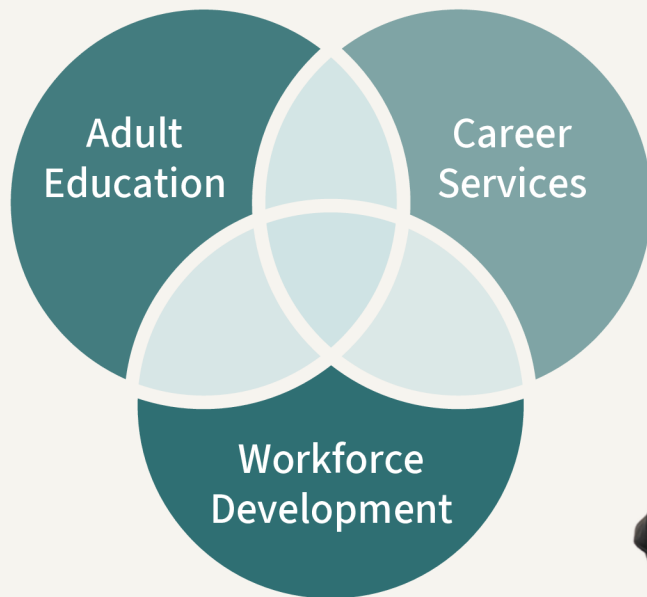

229 clients were served through CAC's Career Services and 65% of these clients secured jobs.

Expand Opportunities

Empowerment Center

Building Skills for a Stronger Future

Almost 80% of individuals receiving financial assistance were working at least one job six months later, yet many still lacked the skills needed to secure higher wages and achieve long-term financial stability. In response, CAC opened its Empowerment Center in November 2025. This **dynamic community hub** helps people build skills and pursue career pathways that support personal and professional growth and lasting financial independence.

Thrive

A Pathway to Financial Stability

Thrive is CAC's new workforce development program that helps create transformational change in our clients' lives. Our participants are gaining new skills in high-demand fields with goals to secure better-paying jobs and build a stronger financial future.

“
*Your support
has turned my
goals into
possibilities.
Thank you for
believing in
me.*
”
Jasmine, Thrive Client

Mobilize the Community

Congregation of the Month

Faith in Action, Fighting Hunger

From our earliest days, faith-based congregations have played a critical role in the services CAC provides to our community. In 2025, our faith partners stepped up in an even bigger way through Congregation of the Month, a new initiative designed to deepen engagement and impact.

Through this rotating, month-by-month commitment, 22 church and synagogue partners support CAC's Mini-Markets, helping ensure a steady and reliable food supply for our neighbors. Participating congregations led food drives, made financial contributions, and purchased high-needed items through our online wish list — turning service into measurable community impact.

In its inaugural year, partners collected 38,569 pounds of food, strengthening pantry inventory and expanding CAC's ability to respond to rising demand. These faith partners also raised more than \$10,000 to support the Mini-Markets.

Community Outreach

A Year of Growth at South Sandy Springs

CAC's South Sandy Springs Branch is a high-impact neighborhood hub that offers financial assistance, a Mini-Market, and CAC Cares for Kids seasonal programs.

In the fall, CAC conducted intensive outreach to 120 apartment communities resulting in a 50% increase in demand for services in December. Additionally, we strengthened our partnership with Lake Forest Elementary School to include hosting monthly parent education classes. These efforts increased awareness, access, and client engagement and earned CAC recognition as their School Partner of the Year.

By year end, the South Sandy Springs team distributed more than 260,000 pounds of food and helped serve 971 families with dignity and care.

Frank's Story

Frank, a former teacher, was working seven days a week to build a new life for himself and his wife. When their first child was born, he took a day off to be home with his family, but even that small loss of income made it difficult to make ends meet. At a friend's suggestion, Frank reached out to CAC for support.

"The CAC volunteers were incredible," he shares. "They were welcoming, compassionate, and truly wanted to help."

Through CAC, Frank accessed the Mini-Market, saving significantly on groceries, received credits to shop at Canopy Thrift™ for baby essentials, and participated in CAC Cares for Kids programs. "All the support helped me stretch my paychecks much further than I anticipated."

When he later found himself between jobs, CAC's financial assistance helped his family remain in their apartment. Today, Frank works at a restaurant where he is building culinary skills and no longer needs weekly support from the Mini-Market, a milestone he is proud to reach.

He also began taking English classes at CAC's Empowerment Center. "Learning English is helping me communicate better at work and feel more confident," he says.

"Sometimes we just need a little help along the way. I hope one day I can help others the way CAC helped me."

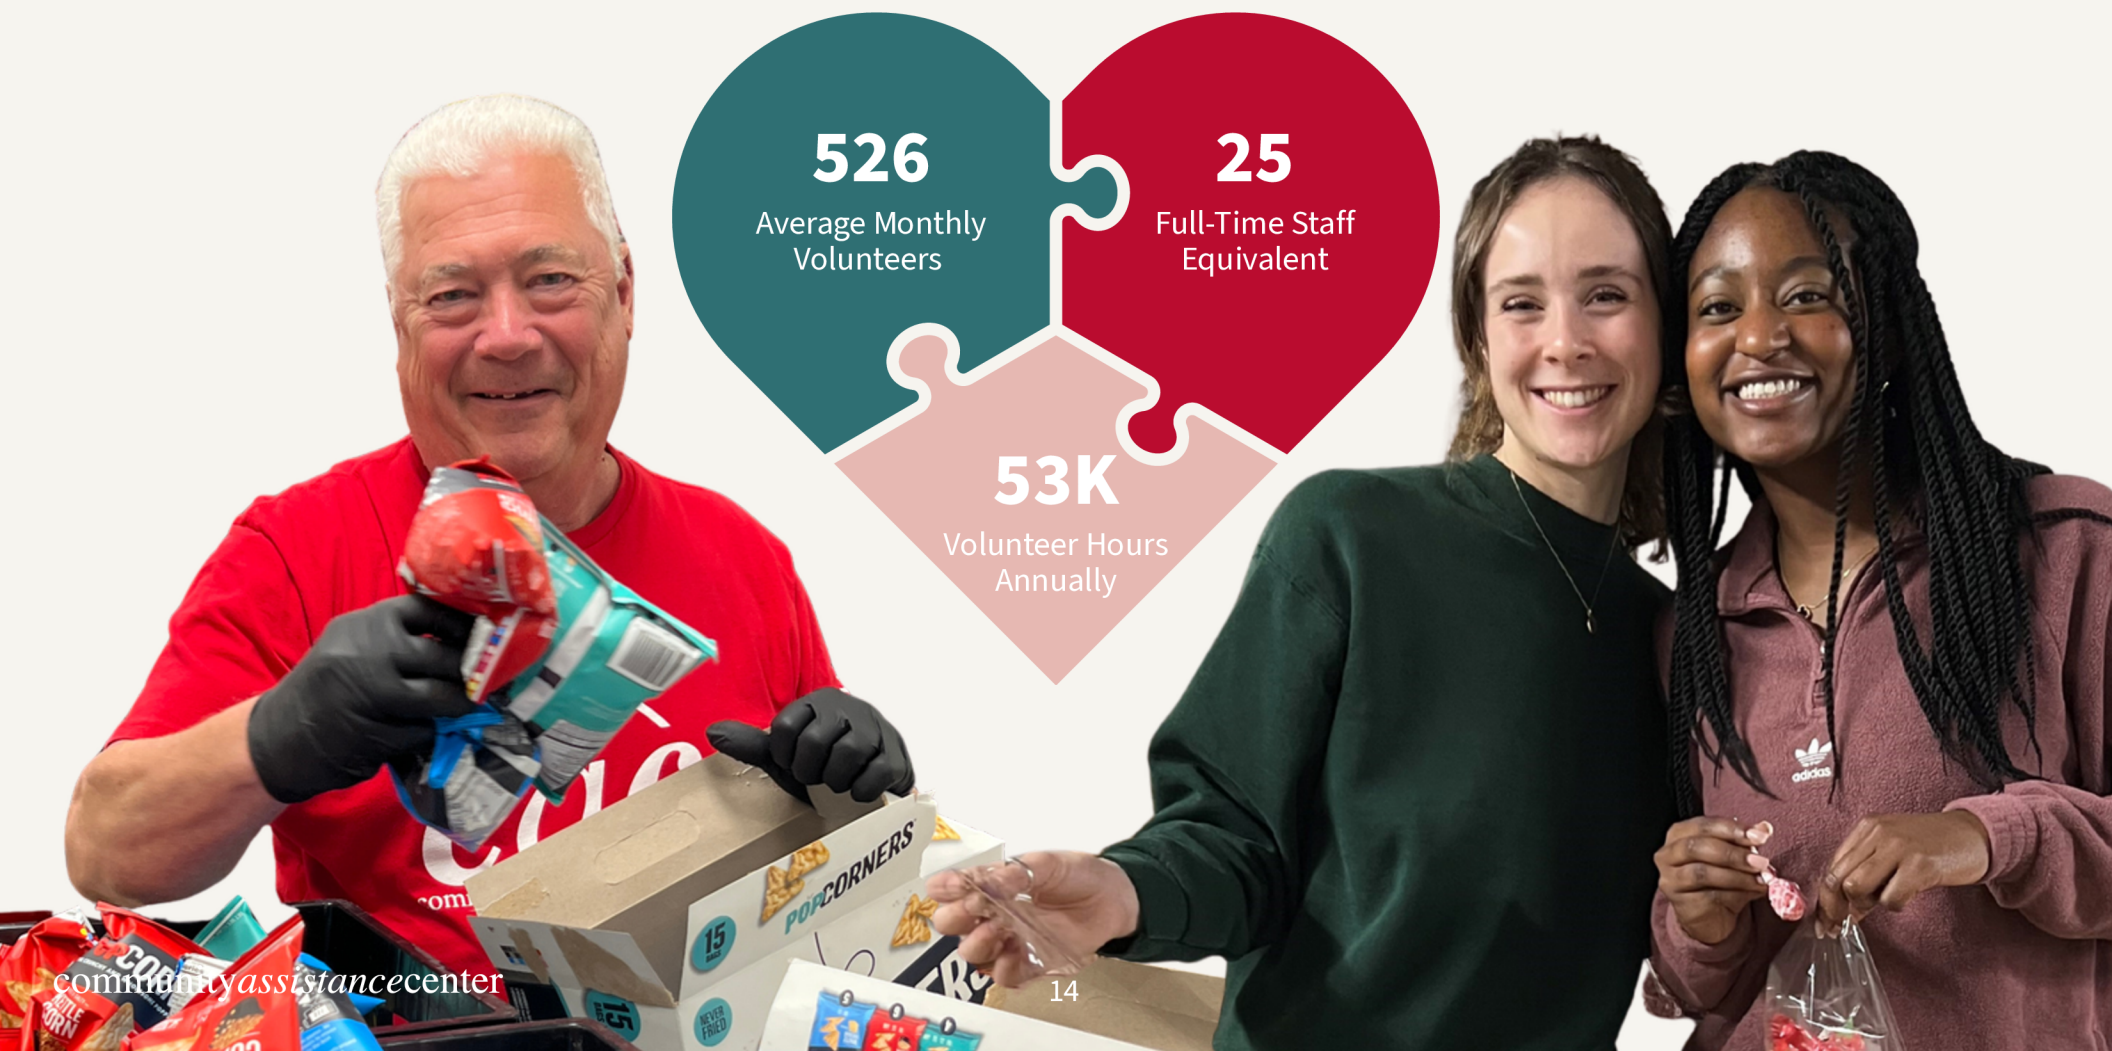

“
The CAC volunteers were incredible. They were welcoming, compassionate, and truly wanted to help.
”

Frank, CAC Client

Volunteers Are the Heart of Our Impact

Volunteers are an integral piece of our organizational puzzle. In 2025, we welcomed an average of over 500 volunteers each month whose engagement significantly increased CAC's service capacity. Our volunteers are the heart, face, and voice of CAC, and we are grateful for the time, talent, and care they give to helping every client, student, and customer.

Compassion in Action

To meet the growing needs of the Sandy Springs and Dunwoody communities, CAC launched its comprehensive campaign, *Compassion in Action*, in July 2025. This three-year fundraising effort supports CAC's core operating needs while enabling strategic investments to increase our organizational capacity. CAC has raised \$5.5 million toward its \$18 million campaign goal.

2025 Accomplishments

- Grew CAC's donor community by 25%
- Increased individual donor contributions by 104% over 2024
- Engaged 477 new donor families and re-engaged 169 families
- 179 families increased their charitable giving

“

While we continue to see increasing need in our community, we are also seeing increasing resources and support, which allows us to meet that need. That growth in support is because of our donors, volunteers, and community partners.

”
